Division Organization

Mission and Functions

The mission of the Illinois Department of Financial and Professional Regulation, Division of Insurance is:

To protect consumers by providing assistance and information, by efficiently regulating the insurance industry's market behavior and financial solvency, and by fostering a competitive insurance marketplace.

The Division carries out its mission through effective administration and enforcement of the Illinois Insurance Code (215 ILCS 5/1 to 5/1312), the Illinois Pension Code (40 ILCS 5/1--101 to 5/24--109) and related laws and regulations (Title 50, Illinois Administrative Code.) The Division has three major operating Sections: Consumer--Market, Financial--Corporate Regulatory, and Legal. The Division also sponsors the Senior Health Insurance Program and oversees the operations of the Office of the Special Deputy, which handles the affairs of insurance companies placed in rehabilitation, conservation or liquidation.

2005: The Year in Review

Medical Malpractice Insurance Legislation

With the passage of medical malpractice rate and regulatory reforms in 2005, the first ever public hearing in the Division's history was conducted on a medical malpractice rate filing this year. The hearing resulted in a Director's Order reducing the proposed rating structure and requiring modifications to the subject company's rating procedures and internal processes which are expected to further reduce rates in future years.

Contingent Brokerage Commissions

In cooperation with other state regulatory authorities, the Division assisted in successfully negotiating legal settlements with several major insurance brokerage firms stemming from allegations of their use of anti-competitive practices in the placement of insurance contracts. The settlements included \$1.2 billion in combined restitution to consumers in Illinois and throughout the United States. Reform measures were also put in place to protect consumers from potentially abusive practices in the future.

Workers Compensation Anti-Fraud Unit

Legislation was passed this year requiring the Division to establish a unit responsible for investigating incidences of workers compensation fraud and insurance non-compliance and reporting alleged violations to the Attorney General or local county State's Attorney for prosecution. The Unit is expected to be staffed and begin functioning during 2006.

SB 475 (PA 94-0677) effective August 25, 2005 Makes various changes concerning medical liability insurance rates and regulation. Requires medical liability insurers to report medical liability insurance claims and specified information to the Secretary. Provides that, for a medical liability insurance rate increase filing, the Secretary may hold a hearing and receive testimony.

HB 2137 (PA 94-0277) effective July 20, 2005 Requires the Division to establish a fraud and insurance non-compliance unit responsible for investigating incidences of fraud and insurance non-compliance and reporting alleged violations to the Attorney General or local county State's Attorney for prosecution.

It provides that the liquidator may negotiate a voluntary commutation and release of all obligations arising from reinsurance contracts or other agreements. Changes made in these provisions by the amendatory Act do not apply to any company ordered into liquidation on or before January 1, 2004. Provides that insurers, health maintenance organizations, and limited health service organizations may not require a provider, as a condition of participation by the provider, to purchase ophthalmic goods or services (rather than just ophthalmic goods), including but not limited to eyeglass frames in a quantity or dollar amount in excess of the quantity or dollar amount an enrollee purchases (rather than is required to purchase) under the terms of the policy.

Insurance Rulemaking in 2005

Rule 301 (Accumulation of Guaranty Fund or Guaranty Capital) was adopted effective September 20, 2005. The amendments formalized a strictly technical correction to a statutory citation. (Vol. 29, #41; Sara Ross)

Rule 942 (Tax Allocation) was adopted effective September 30, 2005. This Rule was repealed because the statute authorizing the Rule was repealed, and the Division determined that it is no longer necessary to require companies to routinely file tax allocation agreements for review. The authority for the Rule came from 215 ILCS 5/3.1(n), which was repealed by P.A. 91-0549 (effective August 14, 1999).

The National Association of Insurance Commissioners (NAIC) Statement of Statutory Accounting Principle No. 10 (SSAP 10), effective January 1, 2001, requires the preparation of tax allocation agreements in writing. Although SSAP 10 does not require the agreements to be routinely filed with the Director of Insurance, it does provide that the Director may request an insurance company to submit an agreement for review if it is needed. (Vol. 29, #38; Sara Ross)

Rule 2008 (Minimum Standards for Individual and Group Medicare Supplement Insurance) was adopted effective September 8, 2005. With passage of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA), there was an immediate need for states to amend their Medigap regulations in order to maintain certification of their regulatory programs. States will retain authority over this insurance product provided that their respective regulatory programs meet the minimum standards set forth by the NAIC Medicare Supplement Insurance Minimum Standards Model Act and its companion Model Regulation as authorized by federal law.

Significant changes to the Rule include the removal of prescription drug benefits from standard Medigap plans H, I, J and J with a high deductible (and pre-standardized plans with prescription drug coverage, and waived state plans with prescription drug coverage) for current Medigap prescription drug plan insureds who choose to enroll in the new Medicare prescription drug program (Part D) after December 31, 2005. Issuers of Medigap plans H, I, J and J with a high deductible will be prohibited from offering prescription drug benefits to new enrollees after December 31, 2005. In addition, two new Medigap plans, "K" and "L", featuring reduced first-dollar coverage, have been added to the current 10 + 2 standardized plans. (Vol. 29, #39; Cindy Colonius)

Rule 3119 (Pre-Licensing and Continuing Education) was adopted effective September 29, 2005. The Rule was amended to comply with the NAIC Uniform Resident Licensing Standards adopted in the Fall 2002 meeting and to add consumer safeguards to self-study and interactive online education courses. (Vol. 29, #42; Kelly Kruger)

Rule 904 (Internal Security Standard and Fidelity Bonds) was adopted effective December 29, 2005. Section 904.5 of this Rule was amended to delete certain types of entities and add others to reflect the repeal of the Non-Profit Health Care Service Plan Act and the Medical Service Plan Act and the creation of the Limited Health

Organization Act pursuant to Public Act 86-600. The amendments also extend the applicability of this Rule to include several additional types of entities that had been covered by 50 Ill. Adm. Code 5460, which has been repealed. (Vol. 30, #2; Jeffrey Martin)

Rule 5460 (Internal Security Standard and Fidelity Bonds) was repealed effective December 29, 2005. The Rule was repealed because it was nearly identical to 50 Ill. Adm. Code 904, creating confusion regarding the applicability of each of the two Rules. The duplication was the result of a previous recodification. Part 904 was simultaneously amended to extend its applicability to several types of entities that had been covered under Part 5460 through its inclusion under Subchapter kkk of the Division's administrative regulations. (Vol. 30, #2; Jeffrey Martin)

Administrative Services

The Illinois Department of Financial and Professional Regulation, Administrative Services Section provides the Division of Insurance with staff support for information technology, personnel management, record and mail services, and all tax and fiscal operations, including development and administration of the Division's budget. The Division of Insurance is funded from four sources.

One hundred percent (100%) of the Division's appropriation comes from the Insurance Financial Regulation Fund, the Insurance Producer Administration Fund, and the Public Pension Regulation Fund, which are funded by various taxes and fees collected from insurance companies and producers, public employee pension funds and retirement systems in the state. In addition, our Senior Health Insurance Program (SHIP) receives funding from a federal grant.

For FY 2005, the Division's appropriation was \$29,262,480. Of that total \$600,000 were federal funds for SHIP. Revenue collections for the year totaled \$436,049,815, of which \$350,384,826 was deposited into the General Revenue Fund.

Consumer Market

The **Consumer Market Section** oversees the Division's consumer protection and education programs, licenses and regulates the activities of insurance producers, and monitors the marketplace operations of insurance companies through policy analysis, complaint investigation and periodic on-site examinations.

Consumer Services and Education Programs

During 2005, the **Consumer Services Unit** continued to refine and use the **electronic complaint database**. The system has proven itself to be reliable and has expedited the handling of consumer complaints. The Consumer Services Unit utilizes an electronic group mailbox, which encourages respondents to reply to complaints via email or a fax server that converts the transmission to an email. The Consumer Services Unit also uses a Complaint Depository, which allows respondents to securely "drop off" responses to complaints. Reconciliation of consumer complaints is also conducted on the electronic complaint database, which allows the electronic exchange of information and immediate revisions to complaints that are affected.

In 2005, the Consumer Services Unit monitored and revised Consumer Fact Sheets as necessary to ensure accuracy and to reflect any changes to Insurance laws or regulations. The Fact Sheets provide consumers with information regarding numerous insurance topics and are available on the Division of Insurance website at http://www.idfpr.com/DOI/Main/Consumer_Facts.asp.

The Division of Insurance utilizes a toll-free consumer assistance hotline that enables consumers to easily reach Consumer Services Unit analysts with questions or complaints about their insurance companies. The Consumer Services Unit monitors the Director email address that is available on the Division of Insurance website for visitors to ask various insurance related questions. The Consumer Services Unit utilizes an electronic system for assigning and responding to inquiries received by the Director's email. The Director email address received nearly 5,700 inquiries in 2005. The Consumer Services Unit responded to approximately 3,000 of those inquiries. The remaining inquiries were routed to other areas of the Division of Insurance for response. The Consumer Services Unit responds to the majority of Director email inquiries within 24 hours of receipt.

In 2005, the Consumer Services Unit Outreach staff visited areas struck by heavy storms for face-to-face consultations with consumers on insurance related questions. The Division also operated an informational booth at the Illinois State Fair that provided one-on-one assistance to consumers and distributed written materials on various insurance topics. Outreach staff also assisted on the Contingency Issues project within the Division of Insurance for a large portion of 2005.

The "All Other" complaints are not included in the official reconciliation figures. These complaints are excluded from reconciliation for various reasons such as the plans are self-insured or contracts are written in other states, etc. The Division attempts to assist consumers in these situations even though the complaints are not officially counted.

The Unit also handled 2,372 written inquiries. The Consumer Services Division responded to those inquiries by providing pertinent information to the consumer.

Consumer Outreach Activities

High School Presentations:	73

(Estimated audience of 550,000)	
Other Presentations:	19

During the year 2005, the **Office of Consumer Health Insurance (OCHI)** received 15,558 calls from 1,047 different zip codes in Illinois. The three most frequently addressed topics were: claims (2,726); group insurance (2,451); and individual insurance (1,667). OCHI continued to distribute informational brochures to numerous entities throughout the state that could provide the brochures to their stakeholders.

In 2005, Medicare Part D became available to Medicare eligible individuals throughout the United States. Consumer calls to the Divisions' Senior Health Insurance Plan (SHIP) rose dramatically. OCHI staff assisted SHIP by returning calls and assisting consumers by answering questions and providing information about Medicare Part D options. The OCHI staff responded to 2,168 Medicare Part D calls in 2005.

Beginning January 1, 2002, OCHI's responsibilities were expanded to include incorporation of the new **Uninsured Ombudsman Program** created by P.A. 92--0331. The Program was enacted to provide assistance and education to uninsured individuals regarding health insurance benefits, options, and rights under state and federal law. This is done through direct contact with individuals over the OCHI/Ombudsman toll-free line, as well as making contact with entities throughout the state that may have contact with the uninsured population, including township officials and county and local health departments.

In order to best provide services to the uninsured population, the Uninsured Ombudsman Program utilizes a database of information that was created by collecting information on resources from around the state that, while not necessarily providing insurance, might be able to provide health care options for persons seeking treatment. The database enables OCHI staff to easily retrieve information so prompt assistance can be provided to uninsured consumers seeking assistance for medical, dental, mental health, vision, prescription and other health care needs.

For Calendar year 2005, the Uninsured Ombudsman Program handled 935 calls. As in previous years, calls came from a variety of sources including other state agencies, legislators, agents, family and friends, radio stations and others who were assisting the uninsured. Continued efforts to increase the awareness of the Program included participating in the "National Cover the Uninsured Week Program", being a guest on several radio and television talk shows; and attending the Illinois Primary Health Care Association (IPHCA) Conferences, Pre-Layoff Workshops, KidCare Conferences, the Third Annual Illinois Legislative Latino Caucus Foundation Conference, and numerous health fairs. The Ombudsman also served as a speaker for the Black Chamber of Commerce in Decatur, Illinois and was a round table participant at the Academy of Health. Goals for 2006 include increasing awareness about the Program and establishing a network with local organizations providing assistance to the uninsured.

The Uninsured Ombudsman is a member of the newly formed Rapid Response Team, which includes representatives from several state agencies. The Rapid Response Team was created to inform and educate dislocated workers and retirees about the

various services available to help ease their transition when employers terminate health insurance coverage or when employers file for bankruptcy or close their doors for other reasons causing the loss of health insurance for employees and/or retirees. The Rapid Response Team received 105 notices of layoffs, closings or employer bankruptcies in 2005, affecting 15, 031 workers. The Rapid Response Team held 230 workshops across Illinois in 2005, which were attended by 5,869 workers. The Ombudsman attended six Rapid Response meetings for dislocated workers.

Market Conduct Programs

In establishing a schedule of examinations, the **Market Conduct Unit** evaluates information gleaned from insurer market conduct annual statements, specifically data regarding paid and denied claims, payment medians, and zip code tracking of company producers by business address. A market analysis of this annual statement data enables us to prioritize companies for scheduling target examinations. Market analysis, in conjunction with our review of consumer complaints, gives us the opportunity to respond more quickly to the ever-changing marketplace.

Market conduct examinations directed at health maintenance organizations (HMOs) emphasized both their compliance with rules and regulations, and accurate and timely payments to their members. Market conduct staff continued to be active on various NAIC working groups designed to address uniformity in market conduct examinations with respect to data calls, examiner qualifications and examination procedures. The Federal Gramm-Leach-Bliley Act is driving this ongoing effort.

Life, Accident and Health Compliance

The **Life, Accident and Health Unit** is responsible for reviewing and approving all filings for **life, disability, and health** policies and for **HMO, Limited Health Service Organization and Voluntary Health Service Plans**. In addition, the Unit handles HMO complaints, **viatical settlement provider** compliance, and registration for **preferred provider program administrators and utilization review organizations**.

Discount Plans

In 2005, the Managed Care Section of the LAH Compliance Unit continued to pursue the unauthorized marketing of discount cards and discounted health care plans. Illinois residents and businesses are being assaulted on a variety of media fronts including television ads, faxes, telephone solicitations and Internet marketing schemes. These programs take many forms, but the most common are those providing discounted health care services for hospital, medical, pharmaceutical, eldercare, emergency transportation, dental and vision care. Individuals pay a fee to be members of a discount plan and, in turn, they are afforded access to a network of providers. In some instances, they are asked to pay a one time, non-refundable fee to apply for a discount card. Under these plans, the consumer is responsible to pay the provider, based upon the network's negotiated discounted rate schedule. There is no insurance coverage and traditional provisions for coordinating benefits have no application. Any payment is made directly by the consumer to the provider and represents payment in full for the services provided. Many times, consumers do not find out, until too late, that even with provider discounts, a serious health care episode can leave them with significant out-of-pocket expenses.

The definition of preferred provider program administrators (PPAs) in the Illinois Insurance Code includes health care discount plans. Specific to discount programs, a PPA includes any person, partnership or corporation that arranges, contracts with, or administers contracts with a provider whereby beneficiaries are provided an incentive to use the services of such provider. The Act goes on to define "beneficiaries" as individuals entitled to reimbursement for expenses of or the discount of provider fees for health care services under a program where the beneficiary has an incentive to utilize the services of a provider, which has entered into an agreement or arrangement with an administrator (215 ILCS 5/370 (g)).

To date, the number of discount card related complaints have more than double over the total number of complaints filed for all of 2005. As a result, the Division's regulatory posture has shifted from one of educating these plans on their obligation to register, to one of issuing orders prohibiting the continued functioning of programs unless and until they became properly registered. We believe that, given current economic conditions and pressures affecting the health insurance marketplace, the number of problematic and unregistered discount plans will continue to multiply, and in some instances, form alliances with Illinois insurers for the taking of unauthorized discounts on provider services. As such, the Division will continue to aggressively assert its oversight of this industry in 2006.

Life, Accident and Health Electronic Filing Rule

In 2005, the Life, Accident and Health Compliance Unit revised 50 Illinois Administrative Code 916 (Part 916) to incorporate requirements that would allow insurers to file

policies and forms in one of two electronic venues, doing away with paper filings entirely as we advance toward a paperless filing system.

Effective January 1, 2006 insurers will have two different ways to make policy form filings. The new requirements are outlined in Part 916, which is available on the Illinois Department of Financial and Professional Regulation Website under Insurance.

The option to use the System for Electronic Rates and Forms Filing (SERFF) will continue but beginning January 1, 2006 there will be an alternative to using SERFF. Insurers will be permitted to place their entire policy form filing on a CD ROM. The Universal Transmittal Form contained in the new program will replace the Product Evaluation Database System (PEDS) General Transmittal Form, Informational Transmittal Form, Replacement/Withdrawal Transmittal Form and Certificate of Assumption Transmittal Form in the policy form filing process. This transmittal is used for filings for Health Maintenance Organizations, Limited Health Service Organizations, Voluntary Health Service Plans, and traditional Life, Accident and Health form filings. In addition, since the Universal Transmittal Form contains an attestation section (to be signed by a company officer) that the forms contained in any particular filing comply with statutes and rules, the Division will no longer require the Annual Certificate of Compliance filing by insurers.

Property and Casualty Compliance

The Property and Casualty Compliance Area is responsible for the review of all commercial lines coverage forms and rates that are required to be filed for compliance with Illinois Statutes and Regulations. Additionally, the Property and Casualty Compliance Area is responsible for the review of all personal lines coverage forms and rates that are required to be filed for compliance with Illinois Statutes and Regulations.

The Division continues to work on initiatives aimed at moving accepted products to market as quickly as possible.

This responsibility is performed through a test administrator, which has established test sites throughout the state. The examinations are given by computer and electronically graded immediately upon completion. For candidates who pass the examination, an instant application is provided at the test site. In addition, the licensing staff reviews and processes new and renewal applications and issues licenses on—line on a daily basis.

Senior Health Insurance Program

The **Senior Health Insurance Program (SHIP)** is a free counseling program for people of any age on Medicare, their families or caregivers who have questions or problems with health insurance issues. SHIP counselors are trained to answer questions on

Medicare, Medicare supplement insurance, Medicare Advantage health plans, Long-Term Care insurance, and prescription drug coverage.

Demand for SHIP services in 2005 was greater than ever as people on Medicare were asked to make a decision about how they will receive their prescription drug coverage in 2006. During 2005, SHIP staff and trained volunteer counselors were able to reach more than four million Medicare beneficiaries, their caregivers, advocates and providers through approximately 1400 public presentations, health fairs, cable television, radio, and/or website events focusing primarily on educating and assisting people on Medicare with their options for prescription drug coverage.

SHIP expanded their outreach activities in Hispanic communities throughout the state in an effort to ensure a smooth transition in to Medicare prescription drug coverage. Two bilingual education specialists and one bilingual hotline operator provided front-line assistance to Hispanic senior groups and other interested parties. Scores of public presentations on Medicare Part D were conducted for Hispanic Medicare beneficiaries.

Illinoisans on Medicare are fortunate to have Governor Blagojevich's Illinois Cares Rx program (formerly SeniorCare and Circuit Breaker Pharmaceutical Assistance) to pay most of their out-of-pocket costs associated with Medicare Part D prescription drug coverage. In 2005, representatives from SHIP, the Departments on Aging, Healthcare and Family Services, Revenue, Social Security and others conducted community meetings to make the public aware of the benefits of the ILCaresRx program. Over 220,000 people on Medicare in Illinois are able to take advantage of the benefits offered by the Governor's ILCaresRx program. SHIP expanded their network of partners and the SHIP counselor network to more effectively serve seniors and individuals with a disability on Medicare.

SHIP continues to provide up-to-date informational guides to thousands of people on Medicare and others who advocate for them. Two key publications are the *Prescription Drug Information Guide*, a resource for people who need information on purchasing low-cost or no-cost prescription drugs, and the *Medicare Supplement Premium Comparison Guide*. Both publications are available on-line at the Division's website in addition to various fact sheets regarding the Medicare Prescription Drug benefit and other topics of interest to people on Medicare. SHIP also distributes thousands of publications developed by the Centers for Medicare and Medicaid Services, the federal Medicare agency.

SHIP is funded in part by a federal Medicare education grant and in part by the Producer Fund. SHIP exists in DOI pursuant to 20 ILCS 1405/1404-15 Senior Citizen Assistance and Information Program.

Financial - Corporate Regulation

The **Financial-Corporate Regulatory Section** is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and all other regulated insurance risk-bearing entities, conducting on-site financial examinations, and intervening when potential problems are identified. The Section also licenses authorized insurers in Illinois and investigates and takes action against unauthorized companies illegally conducting the business of insurance. Additionally the Section provides oversight and advisory services to public pension funds in Illinois, primarily for municipal police and fire departments.

During 2005, the Section assisted with implementation of changes to medical liability insurance laws enacted in August, and provided for licensing of entities and guidance to the public for the new Medicare Part D program.

Financial Regulation Unit

The **Financial Regulation Unit (“Unit”)** is responsible for analyzing and monitoring the financial condition of insurance companies, health maintenance organizations, and other regulated insurance risk-bearing entities and intervening when potential problems are identified.

The Unit is responsible for oversight of the management operations of Illinois insurers because, by law, many corporate transactions such as entering reinsurance agreements, paying dividends, and transacting business with affiliates require the prior approval of the Division.

The merger in 2004 of the former Department of Insurance into the Department of Financial and Professional Regulation did not affect the responsibilities and duties of the **Unit**.

There is no longer a requirement for foreign insurance companies to submit quarterly statements or foreign CPA audits. The Unit’s emphasis on domestic insurance companies is consistent with NAIC guidelines.

The Unit works closely with several entities with distressed financial conditions. In these instances the Unit must devote greater staff resources because a more continuous regulatory role is required. For these companies, staff have more contact with company personnel in the form of face to face or teleconference meetings with company personnel and their legal, financial and actuarial advisors. Detailed review of expanded analytical data is often required by these situations. In many cases staff must also participate in national telephone conference calls with other insurance regulators.

Unit representatives remain active on a limited basis at the national level in a number of NAIC initiatives including: Financial Regulation Standards, Financial Analysis,

NAIC/AICPA, Emerging Accounting Issues, Statutory Accounting Principles, Insurance Holding Company, Financial Reporting (Blanks), Risk Assessments and Valuation of Securities. Participation has been limited, in large part to conference calls, since sufficient staff has not been able to travel to the national and other meetings where significant discussion of these matters take place.

Effective January 1, 2006, the Centers for Medicare and Medicaid Services (CMS) enhanced its Medicare Advantage program for seniors and began offering prescription drug plans (PDPs) through its new Medicare Part D. Federal law mandates that Medicare Advantage Plans and PDPs be licensed as risk-bearing entities in the state they will provide services. During 2005, the Unit received numerous applications for Medicare Advantage Plans and PDPs. In addition, the staff had to devote time to the financial reporting changes resulting from these requirements.

Casualty Actuarial Unit

In 2005, the Casualty Actuarial Unit began implementing the new aspects of the medical liability malpractice insurance statute signed into law by the Governor in August 2005. The Unit continued to carry out its other responsibilities to the extent possible with the available staff members.

PA 94-0677 (Act) provides the Director the authority to hold a hearing and adjust a rate with respect to any medical malpractice rates filed in Illinois. The Act also changes the medical malpractice claims reporting requirements for all entities providing medical malpractice coverage in Illinois and increases medical malpractice ratemaking data reporting requirements. Actuarial staff evaluates the rate filings to determine compliance with acceptable actuarial ratemaking techniques and applicable statutory requirements and provides support in the case of a rate hearing. During 2005 Unit staff continued to perform in depth reviews of all medical malpractice rate filings and provided significant technical assistance in the Division's first rate hearing pursuant to the statute.

Unit staff also oversees the maintenance of the Division's medical malpractice claims database and implement the claims data reporting requirements. The 2005 Medical Malpractice Claims Report is a result of the collection and study of this claims data. This report is currently available on the Division's website or by request to the Division. In 2005, staff also began drafting the reporting requirements of the actuarial ratemaking data as required by the Act. Staff has been actively involved in the rulemaking process to create the Administrative Rules which support the implementation of this medical malpractice law.

In addition to increasing the a Unit's responsibilities regarding the oversight of medical malpractice insurance in 2005, the Unit continued performing its core actuarial analyses with respect to the financial solvency of insurance entities. These technical analyses include reviewing Statements of Actuarial Opinion, performing loss reserve analyses of

Annual Statement loss data, analyzing actuarial workpapers supporting the actuarial opinions and participating in on-site financial examinations of insurance companies. Unit staff performs technical analyses of reinsurance agreements for risk transfer, evaluates all extraordinary dividend notifications and monitors carried asbestos and environmental reserve amounts.

The Casualty Actuarial Unit continues to represent Illinois on a national level as well. The Unit participated in the NAIC Casualty Actuarial Task Force initiatives of continuing to improve the Statement of Actuarial Opinion and implementing the Actuarial Opinion Summary reporting requirements. Staff also participated on the American Academy of Actuaries Property and Casualty Financial Soundness and Risk Management Subcommittee.

Life Actuarial Unit

The **Life Actuarial Unit** has responsibilities in both the financial and consumer areas. Within these areas the Unit has ongoing responsibilities, and provides support on an ad hoc basis to the Financial Analysis, Financial Examination, and Consumer Units. The Life Actuarial Unit also participates on a limited basis in the majority of the NAIC's Life and Health Actuarial Task Force and Life Risk Based Capital Working Group calls each quarter.

Ongoing responsibilities on the financial side include reviews of all domestic companies' actuarial opinions, reserve testing summaries, extraordinary dividend filings, and actuarial planning memos related to financial exams. If requested by the Financial Analysis Unit, this Unit also provides analysis regarding Risk Based Capital and reinsurance transactions.

Ongoing responsibilities in consumer areas include reviews of all annuity filings for compliance with the Standard Non-forfeiture Law for Individual Deferred Annuities, and all LTC and Medicare supplement filings for compliance with our rating laws and regulations. The Unit also assists the Complaint area in analyzing complaints as requested.

In 2005 the Life Actuarial Unit continued reviewing annuity policy forms for compliance with nonforfeiture requirements in the Model Index version of the Standard Nonforfeiture Law for Individual Deferred Annuities and related regulations. A great deal of time was spent clarifying the Unit's position and interacting with companies as questions arose. In order to streamline the policy form approval process, the Unit developed an annuity filing checklist that companies file with each policy form. These efforts have resulted in positive changes for prospective annuity purchasers and have created a more level playing field among companies in the annuity market in Illinois. Life return of premium filings also continued to be reviewed for compliance with the Standard Nonforfeiture Law for Life Insurance.

The major issue in health insurance continues to be long term care (LTC) insurance. Again in 2005, the Life Actuarial Unit found it necessary to approve increases in LTC insurance premiums as companies continue to adjust premiums that have proved to be inadequate as the actual claims experience for LTC insurance has developed. Also in 2005, the Unit began to review riders attached to life insurance policies and annuities which provide LTC benefits through the acceleration of the benefits of the base policy. The Unit also continues its efforts to closely review the adequacy of LTC reserves held by domestic companies.

Financial Examination Unit

Illinois law requires the examination of the financial condition of insurance companies domiciled in Illinois not less than once every five years. On-site financial examinations of companies provide for a detailed review of the Company's financial condition, compliance with Illinois laws and regulations, and the reliability of financial statements. The information obtained during an examination may be the basis for timely and appropriate regulatory action.

Under a national regulatory accreditation program for all state insurance regulatory agencies administered by the National Association of Insurance Commissioners (NAIC), examinations of multi-state insurers must be adopted within eighteen months of the end of the year being examined.

The Financial Examination Unit has begun the process of purchasing and implementing into the examination process the electronic work paper software known as "Teammate". This is the software used throughout most of the country by insurance regulators and should increase the efficiency and effectiveness of examinations. The Unit also utilizes outside support services to assist in the financial examination of Illinois domestic companies whose books, records and operations are located outside of Illinois.

During 2004, the Financial Examination Unit organized and presented two educational seminars, which provided up to 37 hours of continuing education credits for the Division's financial examination staff and staff from other Midwest state insurance agencies. These seminars featured sessions on subjects such as terrorism insurance, reinsurance audits, the NAIC Risk Assessment Framework, the implications of Sarbanes-Oxley, measuring and managing risk on examinations, planning and coordinating a multi-state exam, and NAIC SVO changes. The paramount emphasis of these seminars was to emphasize a risk assessment approach to planning and conducting examinations.

In addition to performing financial examinations, the Unit annually values the life insurance in force of domestic companies. Reserve liabilities associated with these in-force amounts are certified as meeting applicable minimum standards. Eighteen of these valuations were completed during the year.

Corporate Regulation Unit

The Corporate Regulation Unit is responsible for the incorporation, formation, licensing and registration of insurance entities and approval of various corporate transactions.

In 2005, 683 life, accident and health and 1,145 property and casualty insurance companies were licensed in Illinois. Other licensed entities include:

415 purchasing groups (organized to purchase commercial liability insurance for their members);

91 foreign registered risk retention groups (insurance companies organized to write only commercial liability insurance on behalf of their owner-members);

41 reinsurance intermediaries;

43 self-insured auto fleets; and

152 companies registered under the Service Contract Act.

As of December 31, 2005, 592 resident surplus lines producers and 309 non resident surplus line producers were licensed. Those individuals may, under circumstances defined by law, negotiate insurance contracts with unauthorized insurers not protected by the Illinois Insurance Guaranty Fund. Pursuant to statutory authority, 114 unauthorized insurers have been declared ineligible for use by resident surplus lines producers for good cause.

Although Illinois law prohibits individuals or organizations from sharing risks without authorization to transact the business of insurance, two types of risk-bearing entities are permitted by statute. At the end of 2005, 11 religious and charitable risk pooling trusts, and 9 group workers compensation pools, were operating in Illinois. Twenty-four companies were licensed as service companies to provide services to the group workers compensation pools.

Pension Unit

In 2005, as in previous years, there was an increase in the number of public pension funds, members, assets, and beneficiaries. The Pension Unit experienced expansions of its compliance audits, electronic filings, advisory services, statistical services, and communications with the various pension funds during 2005.

The Unit maintains records involving the membership, trustees, officers, size and growth of public pension funds within the State of Illinois. The total number of funds now is 645 police, firefighter and large funds. These funds include over 3,100 trustees. The assets have increased to over \$132.9 billion. The total number of participants is now 613,349 and the total benefits paid were over \$8.32 billion to 355,422 beneficiaries.

A major responsibility of the Pension Unit is to conduct onsite and automated compliance audits. The individual police and firefighter pension funds range from just 1 or 2 participants to over 500 participants. The Pension Unit compliance staff were able to accomplish 66 exams. The examinations included several of the largest funds in the state, and yielded over 125 findings.

This is the sixth year the Unit received electronically filed pension fund annual statements from all 645 public pension funds which are required to file an annual statement. There were three workshops and seminars offered to the downstate police and firefighter pension funds, members, trustees and officers. In addition, there were fifteen meetings with the different pension fund organizations and large pension funds, with the expected benefit being the improvement of operations for all public pension funds in the state. Pension staff traveled over 7,000 miles to accomplish these goals.

The Unit also submitted twelve articles to the nine public pension organization's newsletters. The Unit performs an actuarial study and calculates tax levies for the police and firefighter pension funds. This information is sent to all funds for use with their local municipalities. The Unit performed a number of complicated calculations for police portability along with answering questions on this benefit. Historical tax levy calculations are supplied to local municipalities upon request, as well as calculations for the legislature and Pension Laws Commission. The Unit also supplied seven calculations to potential new funds to assist municipalities with real cost data for their future employee pension fund.

The Unit handled over 6,000 phone calls, including inquiries from police and firefighter pension funds needing assistance with the operation of their respective funds; investment fund managers requesting information regarding investments; professional pension organizations; and members of the state legislature. The Unit answered 50 letters requesting an opinion to settle questions arising from the operation of various pension funds. There were over 600 written inquiries from different individuals and groups within the pension arena that were assigned to staff for responses. The Unit also made over 65 pension calculations for smaller funds that had retiring members.

Legal

Illinois (Director McRaith) currently is Chair of the 18-state Broker Activities Task Force of the National Association of Insurance Commissioners (NAIC). In that role, Illinois is both leading and coordinating investigations into insurance broker compensation practices. The core issue concerns commissions brokers receive from insurance companies, separate from standard or fixed-percentage commissions, that are contingent upon the broker achieving certain sales targets for the insurers. The regulatory concern is that these contingent commissions induce brokers and agents to favor one insurer over another based not on the consumer's interest but rather on the broker's financial interest. Insurance regulators believe this potential conflict of interest is best addressed through transparent disclosure from the broker to his client as to the sources and mechanics of these contingent commission arrangements.

The Division has participated in enforcement actions resulting in settlements with several of the nation's largest insurance brokerage firms. These settlements have resulted in \$1.2 billion in restitution available to Illinois citizens and businesses, as well as to consumers nationally. These efforts are continuing.

Military Insurance Sales

In conjunction with several other states, the Division has required American Amicable Insurance Company to establish a \$10 million fund to provide restitution to service men and women stationed in Illinois who held policies issued by that company. The company engaged in abusive sales practices and also created mechanisms permitting it to draw money automatically from the service person's paycheck. Over 9000 service men and women stationed in Illinois will participate in the benefits of this settlement.

Homeward Bound

The Division has received an Order from the 3rd District Appellate Court affirming in all regards the Director's decision that this company was selling an insurance product, mostly to elderly or infirm Illinois residents, without having a certificate of authority to operate as an insurance company. The Order is incredibly strong for the Division in many regards and for review of Illinois agency decisions generally. This decision contains excellent analysis and language respecting some core insurance-related issues, as well as broad analysis useful in the defense of challenges to this Department and to state actions as a whole. In short, this is a very favorable outcome in many different regards.

Office of the Special Deputy

Pursuant to provisions of Article XIII and XIII ½ of the Illinois Insurance Code, the Director of Insurance is appointed as statutory Conservator, Rehabilitator or Liquidator of a company in receivership.

The Director, through his Special Deputy, takes the following alternative courses of action, depending on the type of court order that is issued against a company:

1. Pursuant to an Order of Conservation, the Director takes possession of property, business and affairs of a company to protect the interests of policyholders and other creditors, and proceeds to ascertain the condition and situation of the company.
2. Pursuant to an Order of Rehabilitation, the Director is vested with title to all property, contracts and rights of action of the company. He proceeds to conduct the business of the company and to take appropriate steps, if possible, to remove the causes and conditions which made rehabilitation necessary.
3. Pursuant to an Order of Liquidation, the Director is also vested with title to all property, contracts and rights of action of the company. Upon entry of the court order, he proceeds immediately to liquidate the property, business and affairs of the company, to marshal assets, and to evaluate the claims asserted against the company in order to make a distribution of assets as soon as possible to policyholders and other creditors.

For Illinois domiciled or licensed insurers placed into liquidation, the Illinois Insurance Guaranty Fund, the Illinois Life and Health Insurance Guaranty Association, and the Illinois Health Maintenance Organization Guaranty Association are mandated by statute to respond to the covered claims up to certain statutory caps. Similar funds and associations exist in most other states for similar purposes. The claims of policyholders of unauthorized, illegal or unlicensed insurers are not generally afforded this protection.

Listed below is a brief report of each active company as of December 31, 2005. Following these reports is a combined statement of cash receipts and disbursements for each company.

AAI Syndicate #1, Ltd.

An Order of Conservation was obtained against AAI Syndicate #1, Ltd. on February 2, 1999. An Agreed Order of Liquidation was entered on February 9, 1999. A member of the Illinois Insurance Exchange (a/k/a INEX), AAI is a wholly owned subsidiary of AAI Holdings Ltd, which in turn is principally owned by CMA Holdings.

A class D policyholder level distribution was made in the amount of \$4,704,338. This was a 99.7589% distribution. The estate was closed on 12/16/06.

Agora Syndicate, Inc.

An Order of Conservation was obtained against Agora Syndicate, Inc., on September 14, 2000. An Order of Liquidation was entered on November 15, 2000. A member of the Illinois Insurance Exchange (a/k/a INEX), the company is owned by MARL III, a holding company.

The receivership proceedings were adversarial, with Agora contesting the finding of insolvency and the Complaint for Liquidation. The Order of Liquidation was entered over their objections. The company lost both their appeal to the Illinois Appellate Court and their petition for rehearing. Subsequently, their petition for leave to appeal to the Illinois Supreme Court was denied.

The claims filing deadline was November 15, 2001, with a contingent claim date of November 15, 2002.

Alliance General Insurance Company

An Agreed Order of Liquidation with a Finding of Insolvency was entered against Alliance General Insurance Company on January 7, 2000. This property and casualty company is a wholly owned subsidiary of Alliance Insurance Group, Inc.

The claims filing deadline was January 8, 2001, with a contingent claim date of January 9, 2002. Early access distributions totaling \$1,087,152 have been made to the Illinois Insurance Guaranty Fund for administrative expenses and claim benefits.

In July of 2001 the Liquidator filed a complaint in the Circuit Court of Cook County against certain former officers, directors and owners of Alliance, as well as the outside auditors, alleging fraud and negligence. A final settlement was reached with one of the defendants for \$2,750,000. Settlement was also reached with the officers, directors and owners for \$5,000,000. The suit against the outside auditors was settled for \$10,000,000. The Liquidator's suit against one remaining defendant continues.

Alpine Insurance Company

On January 8, 1999 Alpine Insurance Company, a property and casualty company, was placed under an Agreed Order of Conservation. The company's direct parent is Transco Syndicate #1, Ltd., while the ultimate parent is Exstar Financial Corporation. Transco, a former member of the Illinois Insurance Exchange (a/k/a INEX), was placed in conservation on March 18, 1999. On June 28, 2000 an Order of Liquidation with a Finding of Insolvency was entered against Alpine.

The receivership proceedings were adversarial. In both the Circuit Court of Cook County and the Illinois Appellate Court, Alpine lost in its attempts to seek review of both the liquidation order and an earlier order granting summary judgement in favor of the Director with respect to the illegality of Alpine's Proposed Plan of Rehabilitation. These orders were appealed by Alpine's former management to the Illinois Supreme Court. On April 4, 2001, the court denied the petition for leave to appeal.

The claim filing deadline was May 6, 2002, with a contingent claim date of May 6, 2003. Early access distributions totaling \$71,535 have been made to the Illinois Insurance Guaranty Fund for administrative expenses.

American Mutual Reinsurance Company

American Mutual Reinsurance Company, a mutual insurance company, consented to an Order of Rehabilitation on February 22, 1988. The company operated exclusively as a professional reinsurer of risks written primarily by other mutual insurance companies since its inception in 1941. The company is owned by its reinsured treatyholders, many of which are also retrocessionaires in the company's reinsurance pool. The company has no direct policyholders.

The supervising court entered an order on September 6, 1988 approving the Amended Plan of Rehabilitation for American Mutual Reinsurance Company. The Amended Plan contemplated the payment, in cash, of a fixed percentage of all outstanding claims

presented in the ordinary course of business and payment of the remainder by interest bearing surplus drafts. The Amended Plan provided for progressive periodic increases to the cash portion of the payment formula and a corresponding redemption of the surplus drafts. Amreco made its first payment to treatyholders under the Amended Plan on February 15, 1989 and has since made 68 consecutive quarterly payments. The most recent payment was made on November 11, 2005.

On December 21, 2001, the Supervisory Court entered an order approving the Second Amended Plan of Rehabilitation, which added a final claims filing deadline in order to accelerate the claims process and wind up the estate earlier than the anticipated plan's closing date of 2018-2041.
